Cristal d'Arques, the new nature of elegance

Since the day it was founded, Cristal d'Arques has never stopped innovating and designing beautiful and affordable crystalware.

Today, the Parisian brand is synonymous worldwide with French elegance. Renowned for the sparkle, elegance and good taste that makes its products the perfect gift, Cristal d'Arques has devoted over 40 years to marrying technology with creativity to inspire its exquisite and contemporary collections.

2010, a vintage year for exceptional creativity with a major innovation: Diamax®.

Diamax® is a revolutionary material that offers incomparable purity, perfect transparency, and shatter resistance with a shine that will endure daily machine washes.

Once again in 2010, creativity and state-of-the-art technology have come together to renew the brand's timeless heritage, giving tables their usual sparkle with new collections of different styles that include a full range of products.

Diamax[®]: the result of innovative research.

For almost half a century, Cristal d'Arques Paris has made tables sparkle around the world through its never ending creativity.

In 2010, the brand is innovating with a major technological step forward: Diamax[®], an environmentally-friendly material of exceptional purity, brightness and shatter resistance.

Pure. Perfect transparency.

The purity of glass is symbolic of elegance. Diamax[®]'s transparency rating has achieved maximum performance. Even better, this pure transparency is maintained regardless of the size and thickness of the item.

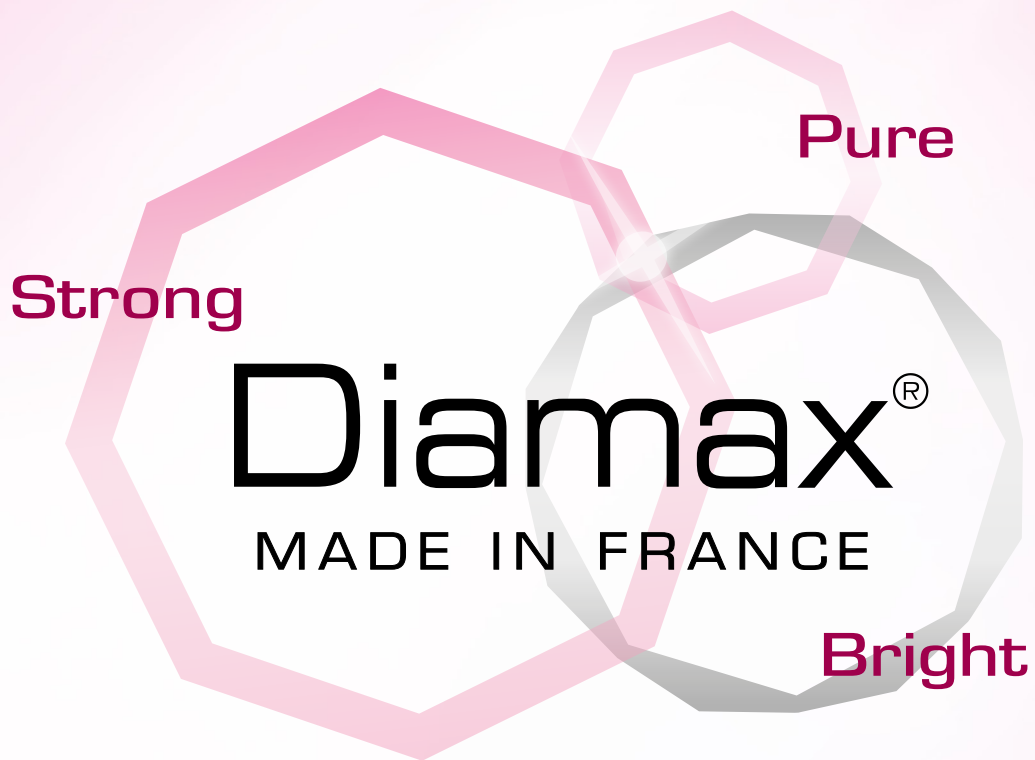

Bright. Day after day, wash after wash.

Even after 500 washing-machine cycles, the shine of Diamax[®] is not affected.

Strong. Resistant and Timeless.

Purer with a durable sparkle, Diamax[®] is also stronger than regular glass. Which means you can use them everyday and at dinner parties and not have to worry about them being broken. Making each meal a precious moment and each day a grand occasion.

Diamax®, the new nature of elegance.

Daily luxury, accessible elegance for everyone : this is the philosophy of Cristal d'Arques Paris. Diamax® Paris perpetuates this philosophy.

A striking material that brings magic to any dinner table, makes light dance and adds sparkle to the home.
